

# BUILDING TUNE-UP PROGRAM

## Platte River Qualified Retrocommissioning Service Provider (RSP) List

The following RSPs (listed alphabetically) are qualified to participate in the Platte River Power Authority's Building Tune-up Program. Customers must have the required retrocommissioning services performed by one of the following RSPs to receive funding for their retrocommissioning project.

The Building Tune-up Program is open to qualified commercial electricity customers of Town of Estes Park Light & Power Department, Fort Collins Utilities (City of Fort Collins), Longmont Power & Communications (City of Longmont), and Loveland Water and Power (City of Loveland) that meet the minimum program requirements. Projects will be required to receive three bids unless deemed inapplicable.
